

K-5 Articulation/Phonology

Please complete one activity per day with your student.

Animal Name Game

Think of 5 animals with your speech sound. Draw a picture of at least one of them and tell someone a sentence about each one! Ex: A *lion* lives in the jungle.

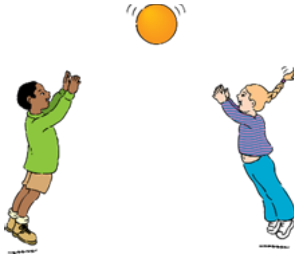

Metamorphosis

Describe how a caterpillar becomes a butterfly. Make sure you use your speech sound(s).

Draw and Describe

Describe a kite (draw one if you can) then write 5 words with your target sound that you might see outside. Say each word 5 times then make a sentence.

Ball Toss

Toss a ball back and forth with a sibling/parent/caregiver. Each time you toss the ball say one of your focus words. Toss the ball 10 times!

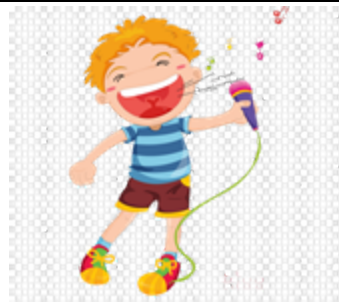

Book time

Find 7 words or pictures that have your focus sound in a book you read. Practice saying each of these words in a sentence!

Hide and seek

Write or draw 5 of your focus words and hide them around your home. See if you or a sibling/parent/caregiver can find them all! When found practice saying each word 3 times!

Sing it

Sing your favorite song & listen for words with your target sound.

Kitchen Search

Find 5 things in your kitchen that contain your speech sound then write them on a list or draw a picture of them

Say it, Write it, Use it!

Come up with 5-10 words that you will say aloud, write/draw, and then use in a sentence

I verify that my student completed one activity per day.
