

Virtual Field Trips – Speech/Language Activities

You can use these ideas for ANY “Virtual Field Trip”. Simply change the subject of the activity to match the virtual field trip you are doing!

If your child has goals in the area of LANGUAGE-

*Ask WH questions throughout the “field trip” – examples – WHERE do cows/pigs/chickens live?; WHO takes care of the animals on a farm?; WHERE does milk come from?; WHEN do roosters crow?; WHAT does a chicken give us?

*Name things you see along the way – examples – farmer, barn, cow, hay, etc...

*Say and/or write sentences about the things you see – example – The farmer takes care of the animals.

*Describe things you see and guess what the person is describing – example – It is an animal with feathers and it lays eggs. A chicken!

If your child has goals in the area of ARTICULATION-

*Name all the things you can that have your speech sound – example – for /b/ sound – barn, bull, barrel... say each word three times with a strong /b/ sound; say the words in a simple sentence.

If your child has goals in the area of FLUENCY (STUTTERING) –

*Practice using easy, slow, smooth speech while saying sentences about what you see.

*Take turns saying sentences with bumpy or smooth speech. Have the other person say whether you used slow or bumpy speech.
